THE MASTERPIECE EDITION

HOW TO PLAY THE WONDERLAND CARD GAME

SEE HOW MANY PAIRS YOU CAN MATCH!

1. Lay all 32* cards face down on the floor or a table and mix them up.
2. Neatly arrange them – still face down – in even rows and columns.
3. The first player begins by turning over two cards. Turn them face up so everyone can see them. If they match (example: Alice and Alice), you've got a pair! Remove both cards from the game and set them aside. Now take another turn, and keep taking turns until you get a mismatch.
4. If the two cards you turn up do not match (example: Alice and The Mad Hatter), let everyone see them, then turn them back over. Be sure to leave them in the same places and remember which characters they were and where they were so you can find them later!
5. Continue taking turns until all of the pairs have been matched up and set aside.
6. Count how many pairs you have matched. The player with the most pairs wins!

*FEWER PAIRS CAN BE USED WHEN PLAYING WITH A YOUNG CHILD.
